Profile

Dedicated Full-Stack Developer seeking to leverage my technical skills and problem-solving abilities to contribute to a dynamic team. With a proven track record of creating innovative and user-friendly applications, I am adept at quickly adapting to new technologies and collaborating with cross-functional teams to deliver high-quality solutions.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, MERN.

Backend: Node.js, Express.js, MERN.

Databases: MySQL, NoSQL, MongoDB, Sequelize, Mongoose

API Development: RESTful APIs, GraphQL, JWT, OAuth

DevOps: Git, Automated Testing (Jest)

Experience

06/2021 – PRESENT
PEEKSKILL, UNITED STATES

Lab technician, Sun Chemical

Conduct experiments and tests to analyze samples, interpret results, and generate reports for quality control purposes. Operated and maintained laboratory equipment, following strict protocols and safety guidelines to ensure accurate and reliable data. Collaborate with a team of scientists and researchers to design and implement new experimental procedures and techniques. Managed inventory of supplies and materials, ordering and restocking as needed to support ongoing laboratory operations.

05/2013 – 12/2020
MOHEGAN LAKE, NEW YORK, UNITED STATES

Geek Squad Field Technician, Best Buy

Conducted on-site troubleshooting and repair of computer hardware and software issues for residential and commercial clients. Installed and configured network systems, including routers, switches, and wireless access points, to optimize connectivity and performance. Educated customers on best practices for data security, virus protection, and system maintenance to prevent future faults.

06/2009 – 11/2011

MOHEGAN LAKE, NY, UNITED STATES

Banker, Citizens Bank

Managed a portfolio of high net worth clients, providing personalized financial solutions and exceeding monthly sales targets. Cultivated relationships with local businesses to generate new loan opportunities in commercial lending revenue. Analyzed financial data to identify potential risks and opportunities. Collaborated with cross-functional teams to streamline account opening processes.
